IN LOVING MEMORY OF
KORPO MARLY WASHINGTON
May 4th, 1966 - June 14th, 2023

National Financial Secretary, National Alumni Association of Lab/Tubman High School in the Americas (NAALTHSA)

We, the members, family, and friends of the National Financial Secretary, National Alumni Association of Lab/Tubman High School in the Americas in the America's (NAALTHSA) are present to pay our respects for the passing of our beloved, valued, and resolute National Financial Secretary, **Korpo Marly Washington**.

Whereas, **Korpo Marly Washington** was a true Stalwart who served faithfully, diligently and was an integral part in the upliftment of NAALTHSA.

Whereas, **Korpo Marly Washington** assisted our Association to be in compliance with and adherence with the Generally Accepted Accounting Principles of NAALTHSA's financial records and guidelines.

NOW THEREFORE, WE HAVE RESOLVED THAT IN CONSIDERATION OF HER INVALUABLE contributions AND SERVICES to NAALTHSA, the Board, Leadership and entire membership meeting in an emergency joint SESSION on July 16, 2023 to HONOR the memory of this great freedom fighter Madam Korpo Marly Washington, who HAVE left an indelible mark engraved in the archives of NAALTHSA for many years to come. For this and many other reasons, have come to bid our friend, our sister, our fellow comrade, and our financial secretary farewell as she rests in peace with her maker.

To the bereaved families, we want you to know that we share in your grief, sorrow, and loss but more importantly, we want you to know; that **Korpo Marly Washington** was a great human being and filled with compassion. She will forever be in our hearts.

Respectfully submitted for and by the board of directors, executive officers, members, family, and friends of NAALTHSA this 19th day of July 2023

Signed:

Amos Clay Tarley,
President, NAALTHSA

Comfort Keah Itoka
Board Chair

Weah Wisseh
Secretary General

National President's Message Mr. Amos C. Tarley Sr.

Fellow cardinals, in October of 2019, the baton of leadership for this august body was passed on to us as newly elected officers to serve your dreams, hopes, and aspirations to the best of our abilities.

However, since taking over the leadership in 2019, we have had numerous obstacles and unforeseen challenges beyond our ability to cope with, notably, the “ COVID-19” pandemic, and overall, the lack of cooperation on the part of certain officials to implement what was voted upon, agreed by majority votes but decided that such undertakings; should not be implemented.

Fellow cardinals, it saddens us to report that during this year, our administration lost our financial secretary in the person of the late Ms. Korpo Manley Washington. Ms. Washington was a firebrand who fought tirelessly for a better Tuman High School, our association but was called to be with the Lord after losing her battle to illness. As a result of the untimely home going of our colleague, we have decided to dedicate this convention to her memory and honor her for the many sacrificial services she rendered to this honorable body for many years.

Fellow cardinals, despite all that the evil of this world tried to bring upon us as an Association, glory be to God; we remain strong, unyielding, and ever determined to make a difference in the lives of those following our good footsteps as students. In light of these efforts to make a difference, we delivered to the school 60 boxes of stationery, a printer, and a PA system through donations, collections from members, and the association matching funds.

Fellow Cardinals, making a difference in the lives of our young people (students) requires us all; to pull together, think together, pray together, and above all, reason together as Alumni in partnership with the MCSS, the Ministry of Education, and other NGOs to assist in creating an environment that is most conducive for learning at T-HIGH, where every child can receive a sound, quality and outstanding education to make them a productive citizen.

Fellow Cardinals, working together is the key foundation for building a vibrant institution such as the William V.S. Tubman High School.

Let us stop the bickering, the name-calling, the character assassinations, and all of the vices that continued to undermine the growth and development of this association.,. Realistically, these back and forth have the propensity to drive away willing cardinals who want to lend their helping hand in achieving the goals and objectives of this association for the good of our Alma Mater.

Ladies and Gentlemen rolling our sleeves also means we are cooperating with the leader of the day; even when we think he or she is not our choice. The outcome of a democratic process is not what we always want but what we have at that time. Come, and offer your volunteering services attend meetings to be an informed Alumni, and pay your dues.

Let us do our best fellow cardinals, and God will do the rest.

Thanks and God Richly bless you.

The Sciences Laboratories

WHAT WE HAVE DONE from 2016 thru 2023

We were able to accomplished the following as an Association for our Alma Mater:

- ♦ We were able reaffirmed our commitment in ensuring and re-building **Trust, Accountability and Respect** amongst Association Members
- ♦ We were to re-established decades-long Bilateral Educational relationship between San Francisco State University and William V.S. Tubman High School established in 1968 based on the mutual goals of providing quality educational opportunities to the students of William V.S. Tubman High School in Monrovia, Liberia.
- ♦ **In 2016**, we completed a project worth **USD \$6,000.00** on the campus of the William V.S. Tubman High School in Monrovia, Liberia. We constructed a new **“Water Well”** which was supported by a 2HP Submersible Electric Pump that will assist with the supply of water to six (6) already installed reservoirs with a capacity of 2000 gallons of water each thus improving the supply of safe drinking water to the school; and also restored the “Existing Water Well” which was damaged. The project started Mid-June 2016 and Ended Mid-July 2016.
- * We received **5 New Laptop computers** on behalf of the William V.S. Tubman High School donated in fulfillment of their 2015 National Convention pledged by Cardinals Mr. Amos Gore Kamara and Mrs. Portia Gray-Kamara of the Multicultural Community Family Services, Upper Darby, PA. and presented to the school Administration by Cardinal Amos C. Tarley Sr
- * **In 2018**, we completed the renovation and naming of the School Library to **A. Nanu Manley Memorial Library** worth more than USD \$11,000.00 and with the courtesy of **Senator Saah Joseph of Montserrado County** we received 15 brand new desktop computers to be used in the Library.
- * **In 2018**, we renovated and furnished of Principal’s office
- * **In 2018**, we were able to complete the renovation of the Sciences (**Biology, Chemistry & Physics**) laboratories from the proceed generated from the school 50th Golden Jubilee Celebrated which was held simultaneously in the USA and Monrovia, Liberia sponsored by the Association.
- * **In 2023** - We delivered a Mini Printer; 60 Boxes of Stationery supplies; and Public Address (PA) system.

WHO ARE WE

We, the graduates and former students of William V.S. Tubman High School residing in the Americas, established 1994 in Trenton, New Jersey envision organizing an Alumni Association to assist our beloved Alma Mater in three categories:

- ♦ To enhance the physical, academic and social developments of William V.S. Tubman High School in Monrovia, Liberia, in providing quality education to students;
- ♦ To provide direct assistance to the school Administration and Students;
- ♦ To foster improved relationship amongst Alumni and their families.

OUR MISSION

To maintain life-long connection with William V. S. Tubman High School in Monrovia, Liberia, by providing substantive and resourceful support to enhance the educational goals of the institution; and serve as a catalyst for fellowship among all former students as it cultivates their benevolence to the school.

OBJECTIVES

Some of **NAALTHSA** core objectives are as follows:

- ♦ To uphold and support the intent and spirit of graduates & former students in providing quality education to students of William V.S. Tubman High School irrespective of ethnic, religious, social, cultural or political orientation;
- ♦ To organize and implement programs aimed at promoting fellowship and unity amongst graduates & former students residing in the Americas;
- ♦ To establish and maintain a working relationship with Graduates & Former Students/Alumni Association in Monrovia, Liberia; the student body; faculty and support staff of the William V.S. Tubman High School in furtherance of any of the objectives stated herein;

WHY

There’s a frantic need to refurbish William V.S. Tubman High School in Monrovia, Liberia which lies in ruin with its physical structure crumbling and instructional facilities tumbling-down, thus rendering it incapacitated to meet the aims for which it was established. These ailing conditions of our Alma Mater have led us (graduates and former students in the Americas) to launch **“Rekindling Tubman High School to New Heights”** with the aim of resuscitating our Alma Mater to its prewar status and beyond.

STRATEGIES

1. **Solicitation** ~ solicits for schooling materials and/or funds from Corporations, International Foundations/Organizations and Individuals.
2. **Contribution** ~ targets with anticipation Alumni and Former Students will pay their annual dues \$120.00 or \$10.00 monthly, Convention Fees, Fundraising and Souvenir purchase.
3. **Appeal** ~ continue to appeal to all Former Students, Alumni and well-wishers of the William V.S. Tubman High School for their financial, material and human resource supports toward renovating the school and restoring its memorable second-to-none teaching-learning environment.

Dr. Glenn Washington Wiahplah Moore

hails from Sasstown, Grand Kru County, Liberia. He is a graduate of the William V.S. Tubman High School (class of 1980 Valedictorian). He holds a BSc. Degree in Mathematics and Physics from the University of Liberia. Upon graduation, he had the opportunity to attend the United Nations Institute for Population Studies at the University of Ghana in Legon where he earned 2 Master degrees: Master of Arts and Master of Philosophy degrees in Population Studies.

Dr. Moore, served as Professor of demography and statistics at the University of Liberia. In furtherance of his education, he attended the University of Pennsylvania (MA in demography), Temple University (MA in psychoeducational processes, M.Ed. Mathematics Education, and Ph.D. Mathematics), Wilmington University (MSc. Clinical Mental Health Counseling), and Grand Canyon University (Ph.D. Psychology). Dr. Moore served as Adjunct Professor at the University of Pennsylvania, Temple University, Cheyney University, Lincoln University, Capella University, and Welden University.

Our speaker is a licensed psychotherapist in the States of Pennsylvania, New Jersey, and Delaware and is the CEO of Moore and Moore Behavior Health Services, LLC.

Our speaker hails from Sasstown, Grand Kru County. He grew up in Greenville, Sinoe County and attended the United Methodist Elementary and Junior High School under the principalship of Samuel A. Ross, III. He showed early promise, graduating as the head of class for both the elementary and junior high school divisions. Our guest speaker later attended the William V. S. Tubman High School where he also graduated as valedictorian of the class of 1980. Three years later, he obtained his BSC in mathematics and physics from the University of Liberia.

Between 1985 and 1987, he read population studies at the University of Ghana to obtain the Master of Arts and Master of Philosophy degrees under the aegis of the United Nations Funds for Population Studies. He later served as professor of demography at the University of Liberia.

A year later, he earned his Master Degree in Demography from the University of Pennsylvania. Typical of the Kru people who have a strong affinity for academia, he eventually obtained from Temple University a Masters in Psychoeducational Processes, and a Masters and PH.D. in mathematics. A few years later, he obtained a Masters in Clinical Mental Health Counseling from Wilmington University and a second doctorate in Psychology from Grand Canyon University.

Dr. Moore served as Professor at Temple University and Cheyney University respectively. While at Temple University and Temple University Hospital, he rose through the ranks as Student Advisor for baccalaureate to doctoral students, adjunct professorship and Multi-Section Hospital Administrator for Infectious Diseases, Hematology, and Oncology. For more 2 decades plus, he served as an instructional leader and educational consultant to The School District of Philadelphia. He is a licensed psychologist in the states of Pennsylvania, New Jersey, and Delaware and is President and CEO of We Care Family Services, Inc. and Executive Director of Moore and Moore Tax and Financial Services. He is a single father of a set of twin boys and two daughters.
